

Yacht additional covers

Dodgers

Jeckells dodgers are usually made to our measurements or from the customer's patterns if they are happy with the existing fit. The dodgers are normally made and supplied and /or fitted with either cable ties or traditionally laced. Lettering which is standard Times Roman font can be professionally sewn on. We do however also have the ability to use other fonts and scripts to the customer's individual requirements. Please ask for more information reference logos etc. Mooring cuts pockets and Velcro fixings can also be added.

Sailcovers

Jeckells offer either a standard style cover or a main mate system.

The standard sail cover has a collar around the mast and is held together along the boom and mast with either hooks, elastics, eyelets, cords, turn buttons, ovals, zips or velcro.

The main mate system is complete with lazyjacks is designed to use in conjunction with your present sail and boom and mainly made from a proofed U V acrylic canvas. Please ask for further advice.

Covers to Compliment the above

Jeckells also offer a range of covers to complement either your sprayhood or canopy such as winch, hatch, wheel or horn covers and they are tailored to the customers individual specifications.

Bimini

The main purpose of the bimini is to act as a sun block, these are made from a lightweight proofed acrylic material. Being held up on 3/4" or 1" stainless steel frames usually pivoting to lie down around the pushpit, screen area etc. Being held with webbing straps fixed with buckles, to give adjustment. The irons can be split for easy storage.

Dinghy Covers

Jeckells have a large range of dinghy patterns fro over boom mast up and flat covers to draw upon. The covers are mainly manufactured from heavy weight blue PVC or a polycotton canvas (for the wooden more traditional dinghy). As standard Jecklls cover has a valance with a draw cord, base eyelets and underties. The covers if overboom does have a collar, cut and cord and the split is usually from the mast to the bow and fastened with a 2 inch Velcro.

Jeckells also manufacture rib and inflatable dinghy covers, which are mostly measured to the client's individual specifications, where cuts for davits etc can be added. Please ask for further information and a price list.
